Historic Northwest Rising
is an exciting initiative that
will shape the revitalization
of the Sunset Lounge
and surrounding community.

What's next?

In April of 2017, residents will be invited to a weekend of experimenting, to test ideas of what the Sunset Lounge and park area should look like. The ideas about how the Sunset Lounge can address the larger community needs will be brought to life through temporary installations and events created with the community. It will be a chance to play with options and test-drive a Rising Historic Northwest.
